Hi Ralph

Just a quick notes to say thanks for all your help on Monday/Tuesday, also for ferrying me back and forwards to Cowes Yacht Haven and for getting me away on time (which enabled me to get to the meeting on time in Newport).

I had a great sail back to Chichester in the afternoon and had 7 knots on the log as I sailed into Chichester harbour as the sun was going down - she felt about a ton lighter after the scrub and antifoul!!

Needless to say I will spread the word at the efficiency of the service and hopefully you'll get a steady stream of people sailing over from Chichester in the future.

All the best  
Simon
