

Reduce Costs with Sealift2 Total Care

With the high cost of traditional boat lifting services many boat owners are restricting themselves to a single annual haul out onto hard standing and spending the rest of the year sailing with a dirty hull. This reduces speed and significantly increases fuel costs.

Sealift2's Total Care changes this. We offer a range of voucher packs which bundle our services together at discounted prices. Vouchers are valid for a period of one year from the date of purchase and can be used in any order.

Total Care LC – includes 3 lift & clean services, suitable for vessels with Copper Coat or performance craft that do not use antifoul.

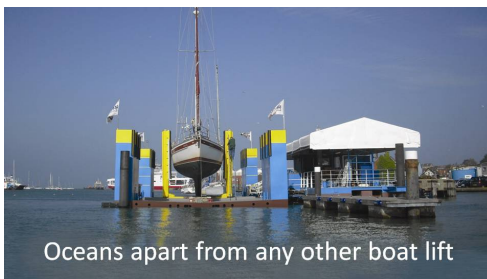

Total Care AF – includes 3 lift & clean services combined with one overnight antifoul paint service.

Total Care CP – includes 3 lift & clean services combined with one hull cut and polish service.

Total Care PLUS – includes 3 lift and clean services combined with our antifoul painting and hull cut and polishing services.

Even if you do not plan to clean your hull three times per year, our Total Care Pack gives you peace of mind as the lift and clean vouchers may also be used for emergency works such as removing ropes from propellers, anode changes and hull inspections.

Compared to our standard prices, Total Care AF and CP voucher packs include one of the lift & clean services free of charge and with Total Care PLUS the discounts are even greater.

Oceans apart from any other boat lift

Sealift2 2011 Price List – Rev 1/06/11
